

M Moens & Sons Christmas Help sheet

This is only a small selection of what you can find in store!

Free range Norfolk Bronze turkeys:

Our turkeys are a special slow growing traditional breed and are raised to full adult maturity (hence 5kg starting weight). Fully mature turkeys have the benefit of a deliciously dense meat, along with a natural fat layer under the skin which helps retain moisture whilst cooking –**succulence without** the need for **basting!** In december, turkeys are **dry-plucked** by hand & **game-hung** for at least **two weeks** in the centuries-old way. This enables the rich, traditional flavour to develop fully, ensuring the finest taste & texture for christmas day.
